TRAIL USAGE

The following lands and facilities within the park units of the Orange Coast District including all improved and unimproved multi-use trails, service trails (improved and unimproved fire and service roads typically greater than 8'), beach access ramps, fire roads, and approved multi-use or nature trails as designated on the park's official map/brochure are restricted as follows:

A. Only human powered devices are permitted unless specified in this order. Two approved equipment deviations for use on Orange Coast District trails, except for the backcountry of Crystal Cove State Park, are 1) “Other Powered Mobility Devices”, as detailed in the next section, and 2) Class 1 electric bicycles (e-bikes) as designated by the California Department of Motor Vehicles. Within the backcountry of Crystal Cove, equipment deviation #2 will not be permitted. Other devices powered by battery, wind, engine, or other non-human propulsion means are prohibited, including any unclassified e-bike or class 2 or class 3 e-bike. As of April 2021 the DMV defined e-bikes as follows:

> *An electric bicycle is a bicycle equipped with fully operable pedals and an electric motor of less than 750 watts. Three classes of electric bicycles have been established:*
>
> *Class 1: A low speed pedal-assisted electric bicycle equipped with a motor which provides assistance only when the rider is pedaling and ceases to provide assistance when a speed of 20 mph is reached.*
>
> *Class 2: A low speed throttle-assisted electric bicycle equipped with a motor used exclusively to propel the bicycle and NOT capable of providing assistance when a speed of 20 mph is reached.*
>
> *Class 3: A low speed pedal-assisted electric bicycle equipped with a speedometer, and a motor which provides assistance only when the rider is pedaling and ceases to provide assistance when a speed of 28 mph is reached.*

B. "Other Power-Driven Mobility Devices" (OPDMD) as defined in 35.104 of Title II of the Americans with Disabilities Act shall be permitted with the following mobility assessment factors restrictions:

> 1. Unless otherwise authorized, the use of OPDMD is restricted to people with mobility disabilities as defined in 35.104 of Title II of the Americans with Disabilities Act. All users of OPDMD's must provide credible assurance that the mobility device is required because of their disability. Credible assurance may be provided by showing a
>
> National Parks and Federal Recreation Lands Access Pass or proof of assignment of any State's valid disabled parking placard or card assigned to the person who will be using the OPDMD. If a person does not have a State-issued placard or card, employees

must accept as a credible assurance a verbal representation that is not contradicted by observable fact, that the OPDMD is being used for a mobility disability.

2. Gas-powered mobility devices are not permitted in Orange Coast District park units.

a. Gas-powered mobility devices include: any mobility device powered by a gas-fueled engine using natural gas, gasoline, diesel, synthetic or bio fuel or combination thereof, including all-terrain vehicles, carts (three or four wheels), off-road bikes (two or three wheels), motor scooters (two or three wheels), motorcycles (two or three wheels), tractors and vehicles (four wheels), or any other similar device.

b. Justification: 35.137 Mobility Devices Assessment Factors (iii, iv, and v). The gas-powered engine devices are in direct conflict with the parks general plans for recreation and resource protection. The gas- powered engine presents a substantial risk of serious harm to the immediate environment as a fire hazard due to the fuel and heat of the engine. Such devices also create associated noise disturbances which generally exceed 70dB and can negatively impact the park visitor and native wildlife, and the byproducts of combustion pose a significant air quality risk.

3. Electric-powered OPDMD that do not exceed 36" inch maximum width, are permitted for use in the Orange Coast District on Paved Multi-use trails.

a. Electric-powered mobility devices include: any mobility device powered by batteries, including multiple passenger carts (three or four wheels), electronic personal assistance mobility devices (EPAMDs such as the Segway PT), battery -powered bikes (two or three wheels) and single passenger scooters (three or four wheels).

b. Justification: 35.137 Mobility Assessment Factors (i, ii, and iv) These trails are high capacity two-way traffic areas, where a width restriction allows for safe passing of OPDMDs, bicycles and pedestrians.

4. Electric-powered OPDMD that do not exceed 26" inch maximum width are permitted for use in the Orange Coast District on all unpaved Multi-use Service roads, and single track trails suitable for hiking, mountain biking or equestrian riding.

a. Justification: 35.137 Mobility Assessment Factors (i, ii, iv and v) Characteristics of devices exceeding the 26" width limit create a substantial risk of harm to the environment or natural resources and would require pedestrians and other authorized trail users to veer off trail potentially harming themselves and, or natural resources.

5. Electric-powered OPDMD are prohibited from use on unpaved single-track, narrow-gauge trails suitable for hikers only where there is steep terrain or topographic constraints that require no user impact to natural resources.

a. Justification: 35.137 Mobility Assessment Factors (i, ii, iii, iv, v) Trail users are required to stay within authorized trail footprint to avoid potential damage to protected natural and, or cultural resources.

C. In general, trail users should keep to the right to allow passage of other park visitors and, or patrol vehicles.

D. The speed limit for all human propelled and OPDM devices is restricted to 5(five) miles per hour when in proximity of pedestrians or within 200 feet of a crosswalk, ramp, sidewalk, concession facility, or restroom or whenever visibility is such that the operator may not be able to avoid collision with another person or object. The maximum speed limit at all other times is 10 (ten) miles per hour.

E. Bicycles, OPDM devices and horses, where permitted, must yield to pedestrians at all times.

F. All trails are subject to periodic closure to protect natural, archaeological, and geologic park features and will be appropriately posted.

G. All unpaved/unimproved Multi-use Trails, including single track trails, will be closed to use during measurable rainfall and for a period of not less than 24 hours afterward.

H. Trail usage for pedestrians, bicycles, equestrian and OPDM devices is restricted to developed fire roads and approved single-track trails as described in official park maps and trail brochures. No off-trail use is permitted.

I. Standing exceptions to this posted order are limited to public health and safety and emergency service vehicles in the performance of official duties, devices used by disabled persons in compliance with applicable accessibility laws, and class 1 e-bikes.

J. No modification of trails, creation of new trails or trail features is permitted. No person, except state and local law enforcement officers, fire suppression agencies and employees of the department in the performance of their official duties or persons possessing written permission from the department may possess any tool or device capable of soil manipulation, soil or vegetation removal and/or clearing.

Exceptions to this order may only be granted in writing by the District Superintendent, or his/her designee. Orange Coast District 3030 Avenida del Presidente, San Clemente, California 92672.

Nothing herein shall affect any existing concession contract, private contract, or property rights. Nothing herein shall be construed in derogation of any existing law, rule, or regulation.

SPECIAL-USE AREAS - VESSEL OPERATION RESTRICTIONS

In order to promote public health and safety and natural resource protection, and in accordance with Harbors and Navigation Code sections 655(a), 651(v) and Public Resources Code section 5003.05, the water area extending parallel from the mean high tide line seaward to 1,000 feet within the park units of the Orange Coast District are designated Special-Use Areas and are restricted to vessel usage as follows:

A. No person shall operate, launch, beach, weigh anchor or cast off a vessel [as defined by H&N 651(aa)], in any park unit of the Orange Coast District within the Special-Use Area unless otherwise specified as follows:

1. San Onofre State Beach - In accordance with Section 4326 , Title 14, California Code of Regulations, the water area, extending from the high water mark water-ward 1,000 feet, along the entire length of beach known as San Onofre Surf Beach, from the northwest boundary of the Military Enlisted Men's Beach extending southeast to the "Dog Patch" surf break, is declared a prohibited area to all vessels (ref. Definition Harbors & Navigation Code Sec. 651 & 651.1), except law enforcement , lifeguard, research and commercial fishing vessels, while in the performance of their official duties.

From the area known as the "Dog Patch" surf break extending to the southeast to the southern-most park boundary at Trail 6, launching or beaching of human powered paddle assisted vessels (kayaks, surf skis, wave skis, and stand-up paddleboards) shall be permitted. No other vessels may operate, launch, or beach in this area. The boundary of the launching and beaching zone is defined from the water by signs indicating "O" and "K" visible from the ocean. If read as "OK", the reader is in the permitted area. If read as "KO", the reader is in the prohibited area.

The launching and beaching of paddle-assisted vessels is subject to "blackball" closures as indicated by lifeguard tower flag and beach boundary marker designations.

2. Crystal Cove State Park- Human and otherwise powered vessels are permitted within the Special-Use Area of Crystal Cove State Park provided they are in compliance with the California Harbors and Navigation Code, and with the following restrictions:

(a) From the park boundary at Abalone Point (El Moro Cove) to Muddy Creek, from the south end of the Historical District (Crystal Cove) to the northern most end of Treasure Cove, launching of, and beaching of paddle assisted vessels (kayaks, surf skis, wave skis, and stand- up paddleboards) shall be permitted. No other vessels may launch or beach in this area. The boundary of the launch zone

is subject to "blackball" closures as indicated by lifeguard tower flag and beach boundary marker designations.

3. Doheny State Beach- In accordance with Section 4326 , Title 14, California Code of Regulations, the water area, extending from the high water mark water-ward 1,500 feet, along the entire length of beach known as Doheny State Beach, from the northwest boundary of the park at North Creek, extending southeast to the park boundary at Capistrano County Beach, is declared a prohibited area to all vessels (ref. Definition Harbors & Navigation Code Sec. 651 & 651.1), except law enforcement, lifeguard, research and commercial fishing vessels , while in the performance of their official duties.

From the area known as "Thor's Hammer" extending to the southeast to the southern-most park boundary at Capistrano County Beach, launching or beaching of human powered paddle assisted vessels (kayaks, surf skis, wave skis, and stand-up paddleboards) shall be permitted. No other vessels may operate, launch, or beach in this area. The launching and beaching of paddle-assisted vessels is subject to "blackball" closures as indicated by lifeguard tower flag and beach boundary marker designations.

4. San Clemente State Beach - The launching of, and beaching of paddle-assisted vessels (kayaks, surf skis, wave skis, and stand-up paddleboards) shall be permitted. No other vessels may launch or beach or operate in this area. The launching and beaching of paddle-assisted vessels is subject to "blackball" closures as indicated by lifeguard tower flag and beach boundary marker designations.

5. Huntington State Beach - The launching of, and beaching of paddle-assisted vessels (kayaks, surf skis, wave skis, and stand-up paddleboards) shall be permitted. No other vessels may launch or beach or operate in this area. The launching and beaching of paddle-assisted vessels is subject to "blackball" closures as indicated by lifeguard tower flag and beach boundary marker designations.

6. Bolsa Chica State Beach - The launching of, and beaching of paddle-assisted vessels (kayaks, surf skis, wave skis, and stand-up paddleboards) shall be permitted. No other vessels may launch or beach in this area. The launching and beaching of paddle-assisted vessels is subject to "blackball" closures as indicated by lifeguard tower flag and beach boundary marker designations.

7. Vessels actively engaged in legal sport fishing activities will be permitted within the Special-Use Area provided their presence does not immediately endanger life, limb and property of any person and are not deemed to be within the surf zone or within 200' of any bather as defined by H&N 651.1.

B. Law Enforcement, lifeguards, and/or vessels engaged in rescue operations, scientific research or commercial fishing are permitted within the Special-Use Area in the performance of their official duties.

Exceptions to this order may only be granted in writing by the District Superintendent, or his designee, Orange Coast District, 3030 Avenida Del Presidente, San Clemente, California 92672.

Nothing herein shall affect any existing concession contract, private contract, or property rights. Nothing herein shall be construed in derogation of any existing law, rule, or regulation.

MODEL AIRCRAFT / UNMANNED AERIAL SYSTEMS

Model aircraft and Unmanned Aerial Systems (UAS or “drones”) are an emergent technology that can have a negative impact on park resources and public safety and are generally inconsistent with the park experience. Due to the dramatic growth and popularity of model aircraft and UAS within the Orange Coast District, and the resource and public safety concerns they pose, the following lands and facilities located within the Orange Coast District are restricted as follows:

1. No person shall launch, land, or operate a model aircraft or UAS within any park unit in the Orange Coast District (Bolsa Chica State Beach, Huntington State Beach, Corona del Mar State Beach, Crystal Cove State Park, Doheny State Beach, San Clemente State Beach, and San Onofre State Beach)

2. Exceptions to this order may only be granted in writing by the District Superintendent, or his designee, Orange Coast District, 3030 Avenida Del Presidente, San Clemente, California 92672.

Exceptions to this directive may include, but are not limited to the following:

- Park Staff operating a UAS in the course of official duties
- Commercial filming with proper permitting for the use of UAS or other aircraft
- Scientific research conducted with permission of the District Superintendent
- Other uses exempted by the park unit’s District Superintendent.

Nothing herein shall affect any existing concession contract, private contract, or property rights. Nothing herein shall be construed in derogation of any existing law, rule, or regulation.

PUBLIC DEMONSTRATION ACTIVITIES

Organized assemblies, public demonstrations, protests, and other events not addressed by the Special Event Permit process will be granted and may be held within the lands operated by the Orange Coast District in accordance with the provisions of this order.

These activities shall be conducted in areas designated by the District Superintendent or their designee. Park usage, visitation patterns, presence of natural and cultural resources, and type of demonstration will be considered when the area is selected.

The following conditions will apply to all public demonstration activities within Orange Coast District:

1. The area will be marked off by park staff of an appropriate size to accommodate the permitted activity.
2. The permit is valid for one day only, only one group, and one activity per day on a first-come-first-served basis, between the hours of 2 pm to 7 pm.
3. A maximum of six square feet is allowed per participant, including signage or displays.
4. Amplified sound to project voice or music is not permitted.
5. Signs and banners are permitted, provided they are within the area designated.
6. Literature, handouts, and other printed materials may be distributed from the designated area to the general public, providing persons or vehicles outside the authorized area are not approached, delayed, or obstructed in the course of their activities.

Exceptions to this order may only be granted in writing by the Superintendent, Orange Coast District, 3030 Avenida Del Presidente, San Clemente, California 92672.

Nothing herein shall affect any existing private contract or property rights. Nothing herein shall be construed in derogation of other provisions of law. Copies of this order have been filed with the Division of Park Operations, Sacramento, California 95814.
