Check out the Crystal Cove State Park website at www.crystalcovestatepark.org to see our new interactive Nature’s Jewels PowerPoint, play our new Earth Day Jeopardy, or engage in a live broadcast with a PORTS Home Learning Program from locations across California.

You can also access programming from the Crystal Cove Conservancy’s Distance Learning Page and immerse yourself in virtual education science based activities. See www.crystalcove.org.

There are no limits to what you can learn by visiting the California State Parks website where students can enjoy our priceless natural and cultural resources from the comfort of their own home.
